Main +1 262 784 2250 | Office +1 262 796 3445

Current Responsibility

Jill Bruckert is a principal and consulting actuary with the Milwaukee office of Milliman. She joined the firm in 2007.

Professional Work Experience

Jill's areas of expertise include managed healthcare programs, including Medicaid and Long Term Care (LTC) insurance.

Examples of recent projects include:

- Calculating and certifying actuarially sound capitation rates for the managed Medicaid LTC populations
- Calculating and certifying actuarially sound capitation rates for acute care services for SSI, Pregnant Women, TANF, Newborn, and other high-cost populations for managed Medicaid populations
- Developing and implementing risk adjustment processes for acute care and managed LTC Medicaid populations
- Developing Medicaid cost projections for purposes of creating fiscal year budgets and state appropriations
- Reviewing Medicaid capitation rates on behalf of Medicaid managed care organizations, health plan associations, and other state agencies
- Developing Medicaid HCBS and behavioral health fee schedules
- Modeling and evaluating various reform strategies to provide coverage for future LTC needs in the United States
- Evaluating the adequacy of active life reserves and claim reserves for LTC insurance companies
- Assisting LTC insurance companies to file rate increases, including conducting morbidity and persistency experience analyses, projecting future experience, calculating needed rate increase amounts, and completing filing materials
- Assisting LTC insurance companies with their annual Statement of Actuarial Opinion regarding their statutory liabilities

Professional Designations

- Fellow, Society of Actuaries
- Member, American Academy of Actuaries

Education

BSBA, Actuarial Science and Finance, Drake University, 2007
