Current Responsibility

Conor Callaghan is an associate director in Milliman's Dublin office. He joined the Dublin practice in 2018.

Professional Work Experience

Conor's expertise includes valuation and financial reporting, risk management, pricing, Solvency II, and other consulting work.

He has in-depth recovery and resolution knowledge having developed and reviewed several plans for clients. He has presented on recovery and resolution to Insurance Ireland members and at Milliman-hosted client events.

Conor has experience supporting Milliman's HoAFs in carrying out their duties and in the outsourcing of the Actuarial Function, including delivery of the ARTPs and Reporting Actuary reports.

He has assisted risk functions in the design and implementation of ORSA processes, including the areas of financial modelling, own solvency needs, and standard formula assessments.

Professional Designations

Fellow, Society of Actuaries, Ireland (FSAI)

Education

Bachelor of Science in Actuarial Mathematics, Dublin City University
