

# ISABEL STANSFIELD

Associate

isabel.stansfield@milliman.com

## Current Responsibility

Isabel Stansfield is an actuarial associate based in Milliman's London Life and Financial Services Practice. She joined Milliman in 2020.

## Professional Work Experience

Isabel is a part-qualified associate at Milliman with over three years of experience in Life Insurance. Since beginning her career, Isabel has supported the Chief Actuary role of a UK unit-linked company which is part of an investment management group. She also currently supports a year-end Reviewing Actuary role for a Friendly Society. She has hands-on experience in a wide variety of financial reporting projects, including Solvency II valuations, SFCRs, RSRs, and ORSAs.

In addition, Isabel has assisted several M&A projects, with experience working on both the buy and sell sides, including a secondment role. She has a thorough understanding of regulation within the industry, leading the publication of monthly papers summarising regulatory changes relevant to life insurers.

## Education

- MSc Operational Research, Applied Statistics and Financial Risk, Cardiff University
- BSc Mathematics, University of Exeter
